

rent a joshie

## **How it works**

Want some original art of josh in your home or office for a season?

Now you can. Foster one or all artworks per month (if they're available). Or lock in for six months for a cheaper price.

If someone wants to buy it, you'll be notified first. Then you can buy it yourself for a special price that minuses the contract cost you paid against the artwork's full price or it will go to the seller after.

Renting area zones are Sydney & Blue Mountains to Newcastle & The Hunter. If you're out of these zones, let me know and we'll try to work something out.
